Understanding the 2019 Toyota Tundra CrewMax

The 2019 Toyota Tundra CrewMax is Toyota's flagship full-size pickup, designed to offer maximum passenger space without sacrificing performance. The "CrewMax" designation refers to its spacious four-door cab layout, which provides ample room for five to six passengers. This model appeals especially to those who need a truck that works hard but also offers comfort for family or crew transport.

Body and Design Highlights

Compared to the double cab variant, the CrewMax boasts a larger rear passenger area, making it one of the more comfortable trucks in its class for rear-seat occupants. The 2019 model continues Toyota's bold design language with a prominent grille, muscular fenders, and a robust stance that communicates strength. While the exterior styling didn't see major changes in 2019, subtle updates and new wheel designs added a fresh touch.

Performance and Engine Specs

One of the standout aspects highlighted in the 2019 Toyota Tundra CrewMax features specs Edmunds analysis focuses on is its powerful engine lineup and towing capabilities.

Engine Options

The 2019 Tundra CrewMax comes equipped with two main V8 engines:

1. **4.6-liter V8:** Producing 310 horsepower and 327 lb-ft of torque, this engine is tuned for balanced performance and efficiency.
2. **5.7-liter V8:** Offering a more robust 381 horsepower and 401 lb-ft of torque, this

larger engine is ideal for heavy towing and hauling.

Both engines are paired with a six-speed automatic transmission, delivering smooth shifts and reliable power delivery. While some competitors have moved on to more modern transmissions, the Tundra's setup remains durable and dependable.

Towing and Payload Capacity

Towing is a critical factor for truck buyers, and the 2019 Tundra CrewMax does not disappoint. When properly equipped, it can tow up to 10,200 pounds with the 5.7-liter V8 engine, making it a strong performer in the full-size truck segment. Payload capacity ranges around 1,730 pounds, which is sufficient for most heavy-duty hauling needs. This combination of power and capability ensures that whether you're hauling trailers, boats, or heavy equipment, the Tundra CrewMax is up to the task.

Interior Features and Comfort

When exploring 2019 Toyota Tundra CrewMax features specs Edmunds highlights, one cannot overlook the interior, which balances ruggedness with comfort.

Seating and Cabin Space

With the CrewMax's spacious four-door cab, rear-seat passengers enjoy generous legroom and headroom, often exceeding that of many competitors. The seats themselves are supportive and durable, with available leather upholstery on higher trims for an upscale feel.

Technology and Infotainment

The 2019 Tundra CrewMax offers a suite of tech features geared towards convenience and entertainment:

1. **Touchscreen display:** A standard 6.1-inch touchscreen is available, with an upgraded 7-inch Display Audio system on higher trims.
2. **Apple CarPlay and Android Auto:** These smartphone integration features are available, allowing seamless access to apps, navigation, and music.
3. **Bluetooth connectivity:** Standard across all trims for hands-free calling and audio streaming.
4. **Available navigation system:** Optional on higher trims for enhanced route guidance.

Storage and Practicality

The CrewMax's cabin is designed with practicality in mind. Large door pockets, center console storage, and under-seat compartments help keep the interior tidy. Additionally, the rear seats fold up in some configurations, creating more cargo versatility inside the

cab.

Safety Features and Ratings

Safety is a priority for many truck buyers, and the 2019 Toyota Tundra CrewMax includes several standard and available safety technologies.

Standard Safety Equipment

The base model comes equipped with key safety features such as:

1. Anti-lock brakes (ABS)
2. Stability and traction control
3. Front and side airbags
4. Rearview camera

Advanced Safety Technologies

While the 2019 Tundra doesn’t offer the full Toyota Safety Sense suite found in some other Toyota models, certain trims include features like:

1. Blind-spot monitoring
2. Rear cross-traffic alert
3. Front and rear parking sensors

Edmunds reviews note that while the truck’s safety features are solid, some competitors offer more advanced driver assistance systems as standard, which is worth considering depending on your priorities.

Trim Levels and Pricing Insights

The 2019 Toyota Tundra CrewMax is available in several trims, each offering a different blend of features and price points.

Popular Trim Options

1. **SR5:** The base trim includes essential features and a solid list of standard equipment, making it a great value for budget-conscious buyers.
2. **Limited:** Adds luxury touches like leather upholstery, upgraded infotainment, and enhanced convenience features.
3. **Platinum:** The top-tier trim offers premium materials, advanced technology, and unique styling cues.
4. **1794 Edition:** A special edition that celebrates Toyota’s ranch heritage, featuring western-inspired interior and exterior accents.

Pricing for the CrewMax generally starts in the mid-$30,000 range for the base SR5 and can climb above $50,000 for fully loaded Platinum and 1794 Edition models. Edmunds often emphasizes that the Tundra provides strong resale value, which can help offset the initial investment.

Fuel Economy and Practical Considerations

One area where full-size trucks are often challenged is fuel efficiency, and the 2019 Toyota Tundra CrewMax is no exception.

EPA Ratings

The 4.6-liter V8 engine earns an EPA rating of approximately 15 mpg city and 19 mpg highway, while the 5.7-liter V8 typically returns around 13 mpg city and 17 mpg highway. These numbers are fairly typical for trucks in this class, though some competitors with newer powertrains may offer slightly better economy.

Maintenance and Reliability

Toyota’s reputation for reliability carries over to the Tundra lineup. Many owners report minimal issues and relatively low maintenance costs compared to some rival trucks. Regular servicing and use of genuine Toyota parts help ensure long-term durability, making the Tundra CrewMax a solid choice for those seeking a dependable workhorse.

Why Consider the 2019 Toyota Tundra CrewMax?

With so many trucks on the market, it can be tough to decide which one fits your needs best. The 2019 Toyota Tundra CrewMax features specs Edmunds highlights reveal a truck that blends traditional V8 power, spacious comfort, and a reputation for lasting quality. If you value a roomy interior alongside strong towing capabilities and proven reliability, the Tundra CrewMax deserves a close look. Its straightforward technology, solid safety features, and multiple trim options provide flexibility, whether you want a no-frills work truck or a more luxurious daily driver. While fuel economy may not be class-leading, the trade-off comes in the form of confidence and power under the hood. For anyone seeking a full-size pickup that can handle tough jobs and keep passengers comfortable, the 2019 Toyota Tundra CrewMax remains a compelling option years after its release. Checking out detailed Edmunds reviews and comparing real-world user experiences can help you understand how this truck might fit into your lifestyle and budget.

2019 Toyota Tundra CrewMax Features Specs Edmunds: A Detailed Review **2019 toyota tundra crewmax features specs edmunds** presents a comprehensive look into one of the most robust full-size pickup trucks available in the market. The Toyota Tundra CrewMax, known for its rugged reliability and spacious cabin, continues to appeal to truck

enthusiasts and everyday drivers alike. Through an investigative lens, this review delves into the essential features, specifications, and performance metrics as outlined by Edmunds, alongside an expert analysis of what makes the 2019 model stand out in a competitive segment.

Overview of the 2019 Toyota Tundra CrewMax

The 2019 Toyota Tundra CrewMax offers a blend of power, comfort, and durability. As a full-size pickup, it competes directly with models like the Ford F-150, Chevrolet Silverado 1500, and Ram 1500. The CrewMax configuration is specifically designed to maximize passenger space, featuring four full-size doors and a roomy rear cabin that can comfortably seat five adults. This makes it an attractive option not just for work-related use but also for families seeking utility without sacrificing comfort. Edmunds highlights the Tundra’s reputation for reliability and resale value, attributes that have kept it competitive despite a relatively aging platform. For 2019, Toyota made subtle but impactful improvements, particularly in terms of technology and safety features, ensuring the Tundra remains relevant in an evolving pickup market.

Performance and Powertrain Specifications

Engine Options

Under the hood, the 2019 Toyota Tundra CrewMax primarily offers a 5.7-liter V8 engine, which is the flagship powertrain option. This naturally aspirated V8 produces 381 horsepower and 401 lb-ft of torque, delivering strong acceleration and ample towing capability. It's paired with a six-speed automatic transmission that provides smooth shifts, although some competitors have moved on to eight- or ten-speed gearboxes. Edmunds notes that while the V8 engine might lack the fuel efficiency of turbocharged V6 rivals, it remains a favorite for drivers who prioritize raw power and reliability. The Tundra’s fuel economy ratings stand at an EPA-estimated 13 mpg city and 17 mpg highway for the 4x4 CrewMax variant, which is average for a truck of its size and class.

Towing and Payload Capacity

One of the critical metrics for pickup buyers is towing capability. The 2019 Tundra CrewMax can tow up to 10,200 pounds when properly equipped, making it suitable for hauling trailers, boats, and other heavy loads. Its maximum payload capacity hovers around 1,730 pounds, which is competitive though not class-leading. Advanced towing aids such as Trailer Sway Control and integrated trailer brake controllers are available, enhancing safety and driver confidence when towing. Edmunds emphasizes that the Tundra’s strong frame and suspension setup contribute to an overall capable towing and hauling experience.

Interior Features and Technology

Cabin Space and Comfort

The CrewMax’s interior is one of its standout qualities, offering more rear legroom than many rivals in the full-size truck category. The spacious rear seat makes it an ideal choice for families or work crews needing both cargo and passenger versatility. Materials throughout the cabin vary depending on the trim level, ranging from durable cloth upholstery in base models to premium leather in higher-end trims like the Platinum.

Infotainment and Connectivity

Technology upgrades in the 2019 model address some of the previous critiques about the Tundra’s dated interface. Standard features include a 6.1-inch touchscreen infotainment system that supports Bluetooth connectivity and a USB port. Higher trims offer an 8-inch touchscreen with navigation, smartphone integration via Apple CarPlay and Android Auto, and a premium JBL audio system. Edmunds reviewers appreciate the user-friendly layout and responsive touchscreen, though they note that some rivals provide more advanced driver-assistance technologies as standard rather than optional extras.

Safety Features and Ratings

Toyota has made efforts to bolster the 2019 Tundra CrewMax’s safety credentials by including the Toyota Safety Sense P (TSS-P) suite as standard on most trims. This package encompasses:

1. Pre-Collision System with Pedestrian Detection
2. Lane Departure Alert
3. Adaptive Cruise Control
4. Automatic High Beams

Additional safety equipment includes rear parking sensors, a backup camera, and blind-spot monitoring with rear cross-traffic alert on higher trims. In terms of crash test ratings, the 2019 Tundra earned respectable scores from the National Highway Traffic Safety Administration (NHTSA), though it lacked full evaluations from the Insurance Institute for Highway Safety (IIHS) at the time. Edmunds points out that while the Tundra is generally safe, some competitors offer more comprehensive safety technology packages and higher safety ratings.

Trims and Pricing

The 2019 Toyota Tundra CrewMax is offered in several trims, each catering to different buyer needs:

1. **SR** – The base model, equipped with essential features and the V8 engine.
2. **SR5** – Adds conveniences like alloy wheels, upgraded infotainment, and enhanced interior materials.
3. **Limited** – Focuses on luxury with leather upholstery, premium audio, and advanced safety features.
4. **Platinum** – The top-tier trim offering full leather, navigation, and the most comprehensive feature set.

Pricing for the CrewMax models in 2019 ranged from approximately $37,000 for the base SR to over $50,000 for the fully loaded Platinum version. Edmunds suggests that this pricing strategy positions the Tundra competitively, especially when factoring in Toyota's reputation for durability and lower maintenance costs over time.

Comparative Analysis: 2019 Tundra CrewMax vs. Competitors

While the 2019 Toyota Tundra CrewMax excels in reliability and cabin comfort, it faces stiff competition in the full-size truck market. For instance, the Ford F-150 offers superior fuel economy through its turbocharged engines and an advanced 10-speed transmission. Meanwhile, the Chevrolet Silverado 1500 often provides a broader range of powertrain options and slightly higher towing capacities. From an interior standpoint, some rivals have adopted more refined materials and cutting-edge technology interfaces, which makes the Tundra feel a bit dated in comparison. However, the Tundra's straightforward design and robust build quality appeal to buyers who prioritize function and longevity over flashy features.

Pros and Cons of the 2019 Toyota Tundra CrewMax

1. **Pros:** Exceptional reliability, spacious and comfortable CrewMax interior, strong V8 power, solid towing and payload capabilities, comprehensive safety features via Toyota Safety Sense.
2. **Cons:** Relatively poor fuel economy, dated transmission technology, less refined infotainment compared to competitors, higher starting price with fewer modern conveniences in base trims.

The 2019 Toyota Tundra CrewMax remains a compelling choice for those who need a dependable, powerful truck with plenty of passenger space. It may not boast the latest technology or fuel-saving innovations, but its proven performance and Toyota's renowned build quality continue to attract buyers. Ultimately, for drivers prioritizing a no-nonsense, durable pickup with a roomy interior and solid towing capabilities, the 2019 Tundra CrewMax represents a well-rounded option worthy of consideration. Edmunds' detailed evaluation underscores that while there are areas for improvement, the Tundra's core

strengths maintain its position as a dependable leader in the full-size truck segment.
