Challenges and Considerations in Translating the 99 Names

While translating Allah’s names into Urdu broadens accessibility, it also presents challenges. Some attributes carry profound theological implications that are difficult to encapsulate fully in another language. The risk of oversimplification or misinterpretation exists, which necessitates careful

scholarship and contextual explanation. For example, the name "Al-Hayy" (The Ever-Living) conveys eternal life and self-subsistence, concepts that may require detailed exposition beyond a literal Urdu translation like "□□□□ □□□□ □□□□ □□□□□." Similarly, "Al-Khaliq" (The Creator) involves complex metaphysical ideas about creation and existence. Effective translation balances linguistic fidelity with theological depth.

Balancing Literal and Interpretive Translations

Translators often face the dilemma of choosing between a literal word-for-word approach and a more interpretive, explanatory style. Literal translations maintain direct equivalence but may lack clarity or emotional impact. Interpretive translations offer richer meanings but risk diverging from the original text. In Urdu literature and religious texts, a hybrid approach is common. Names are presented with their Arabic form, accompanied by Urdu meanings and explanatory notes. This method respects the sanctity of the original language while facilitating comprehension for Urdu readers.
