When planning a structure, consistency is more important than complexity. A simple, well-defined hierarchy ensures that Norton Anthology Of Western Music Volume 2 remains easy to find even as the library grows.

Subfolders can be used to separate drafts, final versions, and

Including version numbers or revision dates in filenames helps track

document evolution.

Maintaining a simple changelog provides context for updates and allows users to understand what has changed between versions. This is especially important in professional and collaborative environments.
