Instead of sifting through lengthy HMRC documentation, users can quickly refer to the tables to determine: - Income tax rates and personal allowance limits - PAYE (Pay As You Earn) tax coding and deductions - National Insurance contributions for employees and employers - Dividend tax bands and rates - Capital gains tax thresholds and percentages This streamlined access to data reduces errors and saves time during tax calculations and payroll processing.

Key Features of cch hardmans tax tables 2019 20

The 2019-20 tax tables from CCH Hardman are known for their thoroughness and clarity. Here are some of the standout features that make them so reliable:

Comprehensive Coverage of Tax Rates and Allowances

These tables include a detailed breakdown of the UK’s tax rates, including: - Personal Allowance: The amount of income

one can earn before paying income tax, which was £12,500 for the tax year 2019-20. - Income Tax Bands: Basic rate (20%), higher rate (40%), and additional rate (45%) thresholds are clearly specified. - Dividend Allowance and Rates: Information on the dividend allowance (£2,000) and tax rates applicable to dividends beyond the allowance. - National Insurance Contributions: Employee and employer NIC thresholds and rate percentages. Having all this in one place makes it easier for accountants and payroll managers to reference and apply correctly.

Clear Presentation of PAYE and NIC Tables

One of the challenges for employers and payroll professionals is calculating the correct PAYE deductions and National Insurance contributions. The cch hardmans tax tables 2019 20 include detailed PAYE tables that show tax codes and the corresponding deductions for different income levels. Factor in Allowances and Reliefs

Besides the personal allowance, there are other potential allowances like blind person’s allowance or marriage allowance transfers. The CCH Hardman tables often include notes or guidance on how these affect calculations. Make sure to account for these to avoid under- or over-taxation.

Comparisons with Other Tax Table Publications

While CCH Hardmans is a respected name in the UK tax arena, it is not the sole provider of tax tables for the 2019/20 period. Alternatives such as Tolley's Tax Tables and Bloomsbury Professional's Tax Tables also offer similar data sets.

1. **Tolley's Tax Tables:** Known for its comprehensive legal commentary alongside tax data, Tolley's may appeal to users seeking deeper legislative insights.

Impact of the 2019/20 Tax Changes Reflected in the Tables

The 2019/20 tax year saw several notable adjustments affecting taxpayers and businesses alike. The CCH Hardmans Tax Tables 2019 20 capture these changes in precise detail. For instance, the personal allowance threshold increased to £12,500, a key figure for individual tax planning. Businesses needed to account for these updated thresholds to ensure correct deductions and avoid penalties. Additionally, the tables reflected adjustments in capital gains tax rates and allowances, providing essential guidance for property

investors and asset managers. These updates are critical for year-end tax planning, enabling users to optimize tax outcomes and advise clients accurately.

Benefits and Limitations

While the CCH Hardmans Tax Tables 2019 20 provide a robust framework for tax calculation, users should be aware of certain limitations:

1. **Static Nature:** As a printed or PDF resource, it cannot capture mid-year legislative changes that sometimes occur, necessitating supplementary updates.

3. **Digital Integration:** Unlike some online tools, it does not offer interactive calculation features, which can speed up certain workflows.

Nonetheless, its reliability and comprehensiveness make it a trusted cornerstone in tax reference libraries.
