Before we jump into the synonyms for clan, it's important to grasp what "clan" truly means. Traditionally, a clan refers to a group of people connected by blood, especially within Scottish or Irish contexts, where extended families or tribes share a common ancestor. However, the term has broadened over time to include any closely-knit community or group bound by shared interests or goals. This flexibility in meaning means that when searching for another word for clan, one must consider the context—whether it's a family group, a tribal unit, or a metaphorical community such as a group of friends or colleagues.

1. Tribe

2. Family

While “family” is a more general and intimate term, it can sometimes be used as a synonym for clan, especially when emphasizing blood relations or household connections. Family tends to evoke a smaller, more immediate group than clan, which implies a wider network.
